

Goudsmit REACH Declaration – EC Regulation 1907/2006

Applicable to the following Goudsmit products: magnets and magnetic materials

The European Union's REACH Regulation (EC 1907/2006) is designed to regulate the Registration, Evaluation, Authorization and Restriction of Chemical Substances. The REACH legislation was finalized in December 2006 and has been in effect since June 2007.

The aim of this Regulation is to ensure a high level of protection of human health and the environment from chemical substances.

Goudsmit Magnetics' substances management system for magnetic materials follows and complies with the current version of the REACH Regulation on substances as identified by ECHA (European Chemical Agency).

We declare hereby that the magnets and magnetic materials supplied by Goudsmit do not contain (or exceed the maximum allowed concentration of) Substances of Very High Concern as per SHVC candidate list published the 16th of July, 2019.
